

DAY OF ACTION FOR HIGHER EDUCATION

On April 17, 2025, campus workers across the country will renew a vision of higher education as an autonomous public good, and university workers as its most important resource.

The S&T Chapter of the AAUP will be hosting a live stream of the AAUP's Immigrants' Rights Defense Workshop at 2 pm in CS 216.

Join us for a one-hour workshop on ICE policing tactics and strategies, and what to know about constitutional and other rights. Presenters will include attorneys and organizers who have decades-long experience on these issues.
